Directors Message

Hello!

The National show in Allentown was fantastic. The Nicola Bulgari Center is a remarkable car show site and all the staff there were truly amazing.

This event was packed with things to do and we were able to go on the Martin Guitar Factory tour. This was really neat as they take you through the facility from the cutting of raw lumber, explaining every step of the process to a finished guitar. Our next stop was the America on Wheels Museum and they have a nice collection with interesting displays.

Our second day we took a tour of the Mack Truck Museum and learned their history and got a view of current and future products. We spent the rest of this day back at the Bulgari Center viewing his collection and restoration facilities.

On our third day we looked through the vendors area of the show field. Then we took the driving tour of the local covered bridges.

Saturday was show day and there were lots of great Buicks. A small parade including driving of the Y Job, Buick Bug Racer and Avista prototype. We met old friend and some new ones. It was a great event.

We will wrap up any loose ends for our show at the next meeting.

Take Care,
Jim
